This submission responds to the Commission's letter of January 16, 2013 regarding the committee's Amended July Quarterly Report:

- 1) These transactions reflect chargebacks from unitemized contributions and should not have been itemized on the report. The report has been amended to delete these transactions.
- 2) Payments for per diem were related to the committee's written travel per diem policy and are not reimbursements for any specific transaction nor were they paid from petty cash.
- 3) Payments for Media Production were for services rendered and not reimbursements. Any payments marked reimbursement were supplemented with itemized memo entries where vendors exceeded \$200 in the aggregate in the calendar year.
- 4) The report has been amended to correct the disbursement dates for Julia Brownley for Congress to May 18, 2012.
- 5) The report has been amended to include the names of individuals related to the forwarding of earmarked contributions to Griego for Congress.
- 6) Payments marked as "DC" for independent expenditures opposing Mitt Romney were national communications and not targeted to the DC primary election.
- 7) Payments on Schedule B for advertising, media consulting, media production, and printing did not contain express advocacy and were not allocable to any federal candidate.
